

MECKLENBURG COUNTY

Land Use and Environmental Services Agency Code Enforcement

CODE INTERPRETATION

Mechanical/Plumbing

Code Volume Reference: Policy

Code Chapter Reference: Policy

Subject: Gas Range Requirements at Final Inspection

Effective Date: April 17, 2015

Prepared/Revision Date: April 17, 2015

POLICY:

This policy **ONLY** covers standard free standing gas ranges 30 inches or less in width.

This policy **DOES NOT** apply to:

- Drop in gas ranges
- Gas cooktops
- Built in gas ovens
- Free standing gas ranges over 30 inches in width

For the final inspection, the gas range is not required to be installed provided all the following requirements are met:

1. The range is not onsite (if on site, it must be installed, no exceptions)
2. All required gas piping, regulators (if applicable) and appliance shutoffs have been installed
3. The gas piping shall be plugged or capped at appliance shutoff (no appliance connector can be installed)
4. Standard 36 inch tall base cabinets are installed
5. Wall cabinets are a minimum 18 inches above the counter top.
